

Student Ministries

Bring up a child in the way he should go, and when he is old, he will not stray far from it. Proverbs 22:6

We at First United Methodist are a family that takes bringing up our children very seriously because it is biblical to do so, because we know that youth are vital to the life of a church, and mostly just because we love and care about them. So we have many opportunities for students, infants through college age.
