

Adult Ministries

Small-group ministries are important for individual spiritual growth and therefore to a vibrant, growing church. They provide a means of learning, fellowship, accountability, and support that cannot be found in large groups alone. First United Methodist Church offers ministries for men, for women, and for mixed-gender groups.

Click on the links to the left for details of these groups. Feel free to shop around by visiting different groups until you find one that suits you. Or, if you prefer, contact the church office to let us know what ministry you would like to get started.
